**Day of Prayer for Life:** In October 2017 it will be 50 years since the 1967 Abortion Act was passed in England, Scotland and Wales. This year's *Day for Life* provides us with an opportunity to pray for and remember all lives lost before birth and to offer practical and emotional support to women and men who are worried and concerned about an unexpected pregnancy. In his Angelus address on the Italian *Day for Life* in February this year, Pope Francis said to thousands gathered in St. Peter's Square, 'May no one be left alone and may love defend the sense of life'. Citing the words of Mother Teresa of Calcutta, he continued: 'Life is beauty, admire it. Life is life, fight for it... Each life is sacred. Let's pray together for those children who are in danger of interruption of pregnancy and for those who are nearing the end of life.' These words can help us rediscover a spirit of awe towards the gift of human life and stir our hearts to the wonder of this gift. Pope Francis also points out that we have not done enough to support and accompany pregnant women in desperate circumstances.

**Today's Gospel:** Our word matters greatly in our relationships, whether in our family or at work or among our friends or with God. When we do not have our word, then we have nothing because we cannot be trusted with even the smallest responsibility. We become unreliable, like the second son in the gospel. His word was meaningless and he lacked sincerity. Dependability is a desirable character trait for all genuine Christians. Otherwise, people are wasting their time with us. God depends on each one of us to help him achieve his plan for the salvation of all people, just as the father in the gospel parable depended on his two sons. The parable teaches us that it was the first son, who initially said 'No' but then thought better of it, who actually did what the father requested. That son had undergone conversion. He had the honesty and the humility to realise his mistake and to change his decision. He became reliable. Perhaps too often we are like the second son. We easily say 'Yes' to God without meaning what we say. Then our word becomes meaningless. The parable of the father and the two sons challenges us to do God's will in action and not only to concur with it verbally. This requires that, like the first son, we are continually open to the possibility of conversion in our lives and that we are honest and humble enough to change our decisions when we recognise that they are wrong decisions, especially in matters relating to our salvation and the salvation of others. Are we people of our word?. Let us decide to be honest and humble enough to undergo conversion every day and to change our wrong decision
