**Longwood Vocational School:** "Open Night" for 5th & 6th class primary students and their parents on Monday 12th October from 7.30-9.30pm.

**Make a Difference:** Pope Francis met with 500 young people in St. Peter's Basilica in Rome and had a few encouraging words for them. He said: Why do I like being with the youth? Because you all have inside your heart a promise of hope. You are bearers of hope. You all, it's true, live in the present, but looking towards the future...you are authors of the future, craftsmen of the future. It is also your responsibility. You all are craftsmen and women of the future. First, you like beauty, and when you make music, do theatre, make paintings - things of beauty - you are searching for that beauty, you are researchers of beauty. Second, you are prophets of goodness. You all like goodness, to be good. And this goodness is contagious. It helps all others. Third, you are thirsty for truth: to search for the truth. And these three desires that you hold in your heart, you should bring them forward, to the future and make a future with beauty, with goodness and with truth. I wanted to tell you this, to tell you: courage, go forward, make noise. Where there is youth, there should be noise. Then, we'll adjust things, but the dreams of a young person always make noise. Go forward. Please, go against the current. Be courageous. Go against the current of the civilization that is doing so much harm. Do you understand this? To go against the current: and this means to make noise, to go forward but with the values of beauty, of goodness and of truth. This is what I wanted to tell you. I want to wish you all well, a good work, a joy in the heart: joyful youth!

**Next weekend: Readers: 8pm.** K. Brehony.
